

Afvalstoffenheffing (garbage tax)

This tax is paid for the picking up and disposing of the garbage produced by all inhabitants of Wageningen.

For people who live with shared facilities this tax is included in the service costs and therefore Idealis will pay this tax for them.

People who have own facilities have to pay the tax themselves and receive a bill for this.

There are different fees for people who live alone in their room/apartment and people who live with more than two or more people in the room/ apartment.

One person household:	€ 161,73 per year
multiple persons household:	€ 251,57 per year

This tax is paid to Vitens and remission can be asked before the end of may. It is possible to get remission if you have no/low income, no car and not a lot of savings. Remission can be asked through the municipality Wageningen at:
